**TECHNISCHE
HOCHSCHULE
LÜBECK**

Summer School 20

Are you ready to spend your summer exploring how sustainability and artificial intelligence can shape a smarter, more responsible future? Join TH Lübeck's Summer School "Engineering Sustainability in the AI World" and connect with students from around the world while gaining hands-on insights into one of today's most exciting and impactful fields.

WHY JOIN US?

- Interdisciplinary courses on Sustainability and AI – taught in English
- Earn 3 ECTS/credit points and receive a Certificate of Participation
- Gain insights into German companies through TH Lübeck's strong industry partnerships
- Connect with students from around the world and build your international network
- Strengthen your communication, teamwork, and intercultural skills
- Enjoy exciting social and cultural activities in Lübeck and the Baltic Sea region
- Get support from TH Lübeck students as you settle in and explore student life in Germany
